General membership rights include receipt of Association news publications and input of suggestions, feedback, and comment regarding Association policies and activities to the Board of Directors. Associate Membership is open to interested individuals and to organizations which support the goals and objectives of the CSFP and the Association but are not eligible for general membership. Associate members shall receive all publications of the Association. Associate members do not have voting rights in the Association nor are they eligible to seek membership on the Association's Board of Directors. They may serve on a board committee.
